SUBJECT: Review of "Response to Comments" for the West Virginia Public Health Drinking Water Program (QA Doc #110036)

FROM: Edward Messer, Environmental Scientist
OASQA, Technical Services Branch (3EA22)

TO: Wanda F. Johnson, Project Manager
Drinking Water Branch (3WP21)

As requested, I reviewed the "response to comments" pertaining to the Quality Assurance Project Plan (QAPP) for West Virginia's Safe Drinking Water Monitoring Program produced by the West Virginia Department of Health and Human Resources (WV DHHR). This QAPP was initially reviewed by our office on December 14, 2010 for compliance with EPA Requirements for Quality Assurance Project Plans and review comments were submitted. After reviewing the changes and revisions made to this quality assurance document by WV DHHR, I am now recommending that you fully approve this QAPP.

If you have any questions pertaining to this QA review, please don't hesitate to contact me at messer.ed@epa.gov or by phone at 410-305-2744.
